European Paediatric Orthopaedic Society

FOREWORD

The European Paediatric Orthopaedic Society (EPOS) is committed to improving education, encouraging scientific exchange and supporting better care for children with orthopaedic conditions. Through its meetings and professional activities, EPOS brings together specialists from Europe and beyond to share experience, discuss current practice and strengthen cooperation within the field.

This work would not be possible without the continued support and partnership of the medical industry. Industry partners help EPOS deliver high-quality scientific meetings, support research and create opportunities for meaningful exchange between clinicians, researchers and companies working in paediatric orthopaedics.

The 45th Annual Meeting of EPOS will take place in Istanbul, Türkiye, from 7-9 April 2027. The meeting will welcome paediatric orthopaedic professionals, researchers, healthcare institutions and industry representatives from around the world. It will provide a valuable setting to present new ideas, discuss developments in clinical practice and build lasting professional connections.

This prospectus presents the sponsorship and exhibition opportunities available for EPOS 2027. We warmly invite both long-standing and new partners to take part in the meeting and support its scientific and professional goals.

EPOS greatly values the relationships built with industry partners over the years and looks forward to continuing this close collaboration in Istanbul. Together, we can support progress in paediatric orthopaedics and contribute to better care for children.

Thank you very much for your support.

Message From EPOS President and the Local Host

Dear friends and colleagues,

It is our privilege to invite you to the **45th EPOS Annual Meeting in Istanbul 7-9 April 2027**. Our objective is to deliver a rigorous academic programme that advances scientific excellence and clinical discourse in paediatric orthopaedics, fostering collaboration, knowledge exchange, and professional development among colleagues in our field.

My sincere gratitude goes to the Programme Committee, the EPOS Board, and our dedicated team at the EPOS Central Office for their invaluable commitment and contributions. I would also like to express my special appreciation to our local host, Professor Dr. Muharrem Inan, whose exceptional dedication, warm hospitality, and generous support have been instrumental in bringing this meeting together.

We look forward to your participation in what promises to be a scientifically significant meeting for our community.

Warm regards,

Ralph Sakkers
EPOS President

Dear friends and colleagues,

It is my great pleasure to invite you to the **45th EPOS Annual Meeting in Istanbul, 7-9 April 2027**. As the Local Host, I am truly honoured and excited to welcome the EPOS family to Türkiye and to a city where Europe and Asia meet — a city that has connected cultures, people and ideas for centuries.

EPOS meetings have always been much more than outstanding scientific gatherings. They are occasions where knowledge is shared, collaborations are created, and friendships are strengthened. We hope that EPOS 2027 will continue this spirit, bringing together colleagues from around the world for meaningful scientific exchange, inspiring discussions and new collaborations.

I would also like to invite you to experience the unique atmosphere of Istanbul, its rich history, culture and cuisine, together with the warm Turkish hospitality we are proud to share with our guests.

As we say in Türkiye, “a cup of coffee shared with a friend is remembered for forty years.” We hope you will have the opportunity to share a Turkish coffee with us and create unforgettable memories along the way.

On behalf of the entire Turkish paediatric orthopaedic community, it is our great honour to welcome you to Istanbul.

We look forward to sharing science, friendship and unforgettable moments with you at EPOS 2027.

Warm regards,

Muharrem Inan
Local Host – EPOS 2027 Istanbul

- Recognition on digital signage at the Annual Meeting venue
- Recognition in promotional materials for selected EPOS activities
- Priority on booth selection at the Annual Meeting

GRANT OPPORTUNITIES

Support for education and research is fundamental for the progression of paediatric orthopaedics. The possibility of sharing different points of views with other colleagues, opens the mind of the surgeon and increases the basic knowledge. Travelling in Europe and around the world is a unique opportunity to stimulate the young surgeon to proceed on his/her academic career. This task would not be possible without the generous support of the industry. Below you can find some opportunities to support the young surgeon to enhance his/her knowledge.

Travelling Fellowships

EPOS offers prestigious Travelling Fellowships in collaboration with POSNA (Pediatric Orthopaedic Society of North America) and SLAOTI (Latin American Society of Pediatric Orthopaedics and Traumatology) for early-career paediatric orthopaedic surgeons. These fellowships offer a competitive, bi-continental opportunity for young paediatric orthopaedic surgeons to engage in international training and professional exchange.

To be eligible, applicants should have completed essential EPOS training, produced scientific work, and meet age and membership requirements.

For interested companies, the EPOS Travelling Fellowships represent a unique opportunity to support the brightest emerging talents in paediatric orthopaedics while aligning your brand with excellence, global collaboration, and impactful education. By sponsoring this initiative, your company directly contributes to shaping the future of paediatric musculoskeletal care across continents.

Sponsorship for the programme is estimated at €10,000-15,000 annually.

Research Grants

The EPOS Research Grants programme invests in pioneering paediatric orthopaedic research by funding up to eight projects annually. Grants amounts varying from 2.000 to 10.000 euros.

Open to EPOS-member Orthopaedic surgeons, it supports both basic science and clinical studies that promise significant innovation and patient impact.

Projects are rigorously evaluated for scientific quality, feasibility, and clinical relevance, with funding disbursed in two installments initially and midterm upon progress reporting. This programme not only fosters early-career investigator development but also encourages multicentre cooperation and academic excellence, reinforcing EPOS's mission to advance child musculoskeletal health.

EPOS Humanitarian Visiting Fellowship

The EPOS Humanitarian Visiting Fellowship is an initiative led by the EPOS Humanitarian Committee to support paediatric orthopaedic surgeons from under-resourced regions. Through this programme, two selected fellows per year will receive financial support to undertake clinical and educational training at leading centres in Europe.

The aim is to build local capacity by equipping young surgeons with advanced skills and knowledge, which they can then apply in their home countries to improve paediatric orthopaedic care.

Sponsorship for the programme is estimated at €10,000-15,000 annually, offering companies a meaningful opportunity to contribute to global healthcare equity while aligning with their CSR and educational outreach goals.

CONGRESS VENUE

The 45th EPOS Annual Meeting will take place at the Congress Center, Hilton Istanbul Bosphorus, located in the Harbiye district of Şişli, Istanbul. The congress center is centrally located and provides an ideal infrastructure required for an international scientific congress.

The congress facilities comprise 17 meeting rooms and over 5,000 m² of event space, allowing the scientific programme, industry exhibition, workshops and other congress-related activities to be accommodated within the same venue. The ballroom and conference facilities can accommodate up to 2,500 participants, with the largest individual meeting space covering approximately 1,185 m².

Hilton Istanbul Bosphorus which is located next to the congress venue offers 475 guest rooms for guests who wish to stay next to the venue and is accessible from Istanbul's main transport connections. Its meeting infrastructure and capacity provide a practical setting for the scientific, educational and professional activities of the EPOS Annual Meeting.

Address: [Harbiye, Cumhuriyet Cd. No:50, 34367 Şişli/İstanbul](#)

Website: <https://www.hilton.com/en/hotels/isthitw-hilton-istanbul-bosphorus/events/>

ISTANBUL

Istanbul is a city where Europe and Asia meet, bringing together centuries of history, culture and contemporary urban life. Set along the Bosphorus, the city offers a distinctive setting for international meetings, with historic neighbourhoods, a vibrant cultural scene and a wide range of accommodation, dining and leisure options.

The Congress Center, Hilton Istanbul Bosphorus is located in Harbiye, Şişli, close to Taksim and well connected to Istanbul's main transport networks, making it convenient for both international and local participants.

How to Get There?

By Plane

Istanbul is served by two international airports: Istanbul Airport (IST) on the European side and Sabiha Gökçen International Airport (SAW) on the Asian side. Both airports offer connections to the city by public transport, airport shuttle services and taxis. Sabiha Gökçen Airport is also directly connected to Istanbul's metro network via the M4 line.

By Public Transport

Istanbul has an extensive urban transport network including metro, tram, funicular, Marmaray and bus services. The rail network connects major business, cultural and residential districts across the city, while buses provide extensive coverage throughout both the European and Asian sides.

By Ferry

Ferries are an essential part of everyday transport in Istanbul and offer one of the most enjoyable ways to travel between the European and Asian sides. Regular services connect key locations including Beşiktaş, Kabataş, Karaköy, Eminönü, Üsküdar and Kadıköy, as well as several destinations along the Bosphorus.

Getting Around

Once in the city, participants can easily combine metro, tram, buses, ferries and other rail services to reach the main districts of Istanbul. Taksim and the surrounding Harbiye-Şişli area provide convenient access to the wider public transport network, while taxis are also available throughout the city. The **Istanbulkart** can be used across most public transport services.

MEDTECH EDUCATIONAL SUPPORTS

Dear Industry Partner,

From 1 January 2018, **MedTech Europe Member Companies** and their representatives are no longer permitted to provide direct financial support to individual HCPs from the MedTech Europe Geographic Area, which includes EU and EEA countries as well as Russia, Turkey and the countries governed by Mecomed to attend Third-Party Organised Events.

EGE KONGRE as the Congress Organizing Secretariat for EPOS 2027, gives to MedTech associated Companies the possibility to participate in the Congress through an Educational Grant, that will be managed following the rules included in MedTech Europe Code of Ethics.

The Grant is meant to facilitate HCPs (Healthcare Professionals) participation in the event. It can include the management of different levels of HCPs' hospitality arrangements.

Operational Instructions

Companies that are interested in supplying an Educational Grant are requested to inform the Congress Organizing Secretariat for EPOS 2027 at epos2027@egekongre.com no later than **October 1st 2026**.

HCP's Application

Once Sponsoring Company's requests are received, EGE KONGRE will create a registration website that will let HCPs submit their application. The creation of the website will be promoted through the Congress Website and a newsletter will be sent to EPOS members.

HCP's Selection Criteria

HCPs selection criteria will be defined by EPOS. As per MedTech Code Q&A 37 bis. Companies will be able to suggest additional potential selection criteria that will have to be approved by scientific society first.

After the Congress

Name and/or logo of Companies that supplied Educational Grants, will be highlighted in the final programme of the Congress. For further information and to proceed with Educational Supports please contact us at: epos2027@egekongre.com

OPPORTUNITY FOR FOCUS GROUP MEETING

A Focus Group Meeting gives companies a unique chance to ask international experts and Key Opinion Leaders (KOLs) their opinion in a closed forum and is interesting for companies, which:

- are about to launch a new product
- are new to the European market and need feedback on their existing products
- would like to establish contact to Key Opinion Leaders
- are interested in feedback on products, clinical studies or new ideas

A Focus Group Meeting has the advantage that you do not need to fly in and accommodate a group of people, as all KOLs are already present at the conference. This makes the focus group a cost-effective tool to get feedback and promote your product towards KOLs.

Expect about 7-8 KOLs to attend the Focus Group Meeting that will last up to 1,5 hours during the conference, typically during a lunch break. The Focus Group Meeting will be arranged in operation with the conference organiser in terms of invitations and selection of people.

Room rental, standard AV-equipment and catering are included the fee.

FOCUS GROUP MEETING COSTS: €12,000

Terms of payment & conditions

The total amount will be invoiced immediately upon ordering and is due 14 days hereafter. All bookings must be made by e-mail sent to the conference organiser and must contain invoice address, VAT number, and PO-number (if needed). All mentioned prices are in Euros and excl. VAT.

Any cancellation of sponsorship, exhibition or other sponsorship item before 1 January 2027, will incur a cancellation fee of 25% of the total cost of the booking.

Cancellation after 1 January 2027 are non-refundable.
