Website: www.epos2020.org

OIC Srl is a MedTech Trusted Partner
The European Pediatric Orthopedic Society (EPOS) is committed to education and recognizes that partnership with industry is paramount to develop high-level educational activities.

The EPOS BAT Trilogy Courses (Basic Pediatric Orthopedics I, Pediatric Orthopedic Traumatology and Basic Pediatric Orthopedics II), the Advanced BAT Courses, and the newly introduced Advanced BAT Cadaver/Hands-on Courses are the key educational activities developed by EPOS leadership and EPOS Educational Committee during the past few years.

With the goal of lifting patient care to the top level throughout whole Europe, EPOS has newly introduced travelling fellowships to visit pediatric orthopedic centers of excellence throughout Europe and thus individually support pediatric orthopedic surgeons by improving their specific interests.

In an effort to advance patient care and enhance pediatric orthopedic surgery knowledge, EPOS looks to potential industry partner for support of the different educational activities. Industry support and partnership are crucial to allowing EPOS to pursue its mission of education, patient care and research.

In this booklet you will find all relevant information regarding all upcoming EPOS Educational activities for the year 2020.

EPOS Leadership, Members and Staff of EPOS are proud of the relationships built with industry during the past years and are looking forward to continuing close collaboration. Thank you very much for your support!
CORPORATE PARTNERSHIP OPPORTUNITIES FOR EPOS SOCIETY
In the last years EPOS developed the Educational opportunities, based on the BAT program now well recognized. This program is designed for Basic Education in combination with EFORT as an EFORT-EOTEP accredited course (directed to the residents and the young surgeons that want to start a career in the Paediatric field), to Advance education (directed to Paediatric Orthopaedic Surgeons willing to increase their knowledge in a specific topic) and finally the Trauma (directed to all surgeons involved in the care of trauma).

The attendance to the Basic Trilogy courses has been stable. The average number of surgeons attending each EPOS-EFORT BAT Instructional Course Trilogy event is 109 (range, 80-150). Participants are from all European and non European countries including Egypt, India, Singapore, Saudi Arabia...
The Advance Courses are dedicated to the pediatric orthopedic surgeons (junior and experts) and fellows, willing to improve their surgical skills as well as their understanding of surgical management of pediatric hip disorders. They are organized by the EPOS educational Committee with special involvement of the EPOS Study groups. The Winter course is a technical course mostly with workshops on cadaver in order to improve new techniques. The capacity is around 40 participants and the previous courses were fully booked. The fall course is a combination of lectures and workshops dedicated to a specific topic.

EPOS is grateful for the continuous and dedicated support of the Industry that contributed in a large scale to the success of the EPOS Educational program.

EPOS is proud to announce the following partnership opportunities for the year 2020. Below you will find a detailed list of all partnership opportunities, including all relevant information regarding each EPOS Educational Activity. A brief description of each activity (topic, date, project leader and details about sponsorship) is provided for your perusal. Please consider that sponsorship is open to multiple sponsors (number may vary depending on the Educational activity):

- **January 2020:** EPOS ADVANCED - CADAVER LAB COURSE 2nd Edition
- **March 18/20, 2020:** 6th EPOS BAT INSTRUCTIONAL COURSE TRILOGY (Part III)
- **April 1/4, 2020:** EPOS ANNUAL MEETING & PRE-COURSE
- **May 6/8, 2020:** EPOS ADVANCED COURSE
- **October 21/23, 2020:** 7th EPOS BAT INSTRUCTIONAL COURSE TRILOGY (Part I)
- **November 19/20, 2020:** EPOS ADVANCED COURSE

Different forms of educational support and marketing opportunities are available for the year 2020. Supporting one or more educational activities is possible. If you choose to support multiple activities (two or more), discounted sponsorship rate will be applied.
CORPORATE PARTNERSHIP OPPORTUNITIES
For EPOS Society

Companies interested in supporting EPOS Annual meeting + other EPOS events will be recognized as EPOS CORPORATE PARTNER.

BECOME A CORPORATE PARTNER – HOW TO?

- Support the EPOS Annual Meeting & Pre-Course
- Support other EPOS activities by selecting the preferred items from the Application Form at page 16
- On the basis of the total amount of your support you will be recognized as Bronze, Silver, Gold, Platinum or Diamond Corporate Partner:

- Recognition into the Annual Meeting & Pre-Course website
- Recognition into the Selected EPOS Activities promotional material
- Recognition into the specific EPOS websites
SPONSORSHIP OPPORTUNITIES IN THE EPOS EVENTS

January, 2020

**EPOS ADVANCED - CADAVER LAB COURSE 2nd Edition**

Title: Hip Surgery from Infancy to Young Adulthood  
Project Leader: Prof. Hakan Omeroglu (Turkey)  
Contact email: omeroglu.h@gmail.com

The 2nd Edition of the **EPOS Advanced - Cadaver-lab course** is aimed at pediatric orthopedic surgeons, but also fellows, willing to improve their surgical skills as well as their understanding of surgical management of pediatric hip disorders. It is a unique hands-on opportunity to learn and practice the latest techniques, including pediatric/adolescent soft tissue and bony procedures as well as young adult hip preserving hip surgery.

**Main Topic:** Hip: pelvis and proximal femur  
**Course Location:** To be communicated soon  
**Type:** Cadaver Lab course (cadavers)  
**Level:** Advanced; Surgical Skills and Technique  
**Target:** Surgeons (senior and junior) and Fellows  
**Number of attendees:** Maximum 40  
5-6 surgeons and 1 Instructor per cadaver  
The 1st edition of the course was fully booked; after registration closed, more than 40 surgeons were placed on a waiting list and most likely will be able to attend the 2nd edition of the course.

**Workshops:** Yes  
**Potential workshops** (format to be discussed with Project Leader):  
- Pelvic Osteotomies  
- Proximal Femur Osteotomies  
- Hip Arthroscopy  

**Course Faculty:** 6 to 8  
Faculty will be led by Prof. Hakan Omeroglu (Turkey)

**SPONSOR VISIBILITY**

» Logo on syllabus, course program, podium  
» Special personal acknowledgment during the course

SUPPORT REQUESTED: € 10,000,00
SPONSORSHIP OPPORTUNITIES IN THE EPOS EVENTS

March 18-20, 2020

6th EPOS BAT INSTRUCTIONAL COURSE TRILOGY (Part III)

Title: Pediatric Orthopedics, BAT Part III Course
Project Leader: Prof. Federico Canavese (France)
Contact email: canavese_federico@yahoo.fr

The last part of the 6th BAT Trilogy is aimed at residents and fellows willing to improve their knowledge in children’s orthopedics, as well as at general orthopedic surgeons who want to refresh their knowledge. Program of previous BAT Trilogies are available at www.epos.org.

Main Topic: Pediatric spine disorders, cerebral palsy and other neuromuscular conditions of orthopedic interest, benign and malignant bone and soft tissues tumors.

Location: Orthopedic Hospital Speising, Vienna (Austria)
Type: Theoretical lectures; hands-on course (workshops)
Level: Basic-Intermediate
Number of attendees: Maximum 150
Workshops: Yes (4 to 6; at least 2 Faculty members/workshops)

Potential workshops (definitive number and format to be discussed with Project Leader):
- Posterior Spine Instrumentation
- Growth Friendly System (Spine)
- Proximal & Distal Femur Osteotomies
- Motion Analysis
- Clinical Research Principles

Course Faculty: 12 to 14
Faculty will be led by Prof. Federico Canavese (France)

SUPPORT REQUESTED: €10,000,00
May 6-8, 2020
EPOS ADVANCED COURSE
Title: Motion Analysis for Pediatric Orthopedic Surgeons
Project Leader: Prof. Elke Viehweger (France)
Contact email: eposgs@gmail.com

In collaboration with the European Society of Motion Analysis in Adults and Children (ESMAC)

This event is aimed at pediatric orthopedic surgeons, residents and fellows who want to improve their understanding of the multiple roles of motion analysis in modern pediatric orthopedic surgery. The course will not focus on neuromuscular disease only and is not intended to replace a traditional gait course.

Several renewed experts in the field will deliver lectures addressing all aspects of motion analysis, from the traditional complete 3D gait analysis up to basic tools that may help the pediatric orthopedic surgeon in clinical and surgical patient management. Three to five interactive workshops will complete the educational program.

Main Topic: Gait analysis in pediatric orthopedic surgery
Course Location: Orthopedic Hospital Speising, Vienna (Austria)
Type: Theoretical lectures and workshops
Level: Intermediate-Advanced
Number of attendees: Maximum 150
Workshops: Yes (3 to 5; at least 2 Faculty members/workshops)
Company workshops (definitive number and format to be discussed with Project Leader):
- Motion Analysis
- Digital Reconstruction
- Record Systems
Course Faculty: 6 to 8
Faculty will be led by Prof. Elke Viehweger (France)

SPONSORSHIP OPPORTUNITIES IN THE EPOS EVENTS

October 21-23, 2020

7th EPOS BAT INSTRUCTIONAL COURSE TRILILOGY (Part I)

Title: Pediatric Orthopedics, BAT Part I Course
Project Leader: Prof. Federico Canavese (France)
Contact email: canavese_federico@yahoo.fr

The first part of the 7th Trilogy is aimed at residents and fellows willing to improve their knowledge in children’s orthopedics, as well as at general orthopedic surgeons who want to refresh their knowledge. Program of previous BAT Trilogies are available at www.epos.org.

Main Topic: Development, clinical examination, bone metabolism and related disorders, foot disorders, hip disorders, limb length discrepancy and limb deformity correction in children and adolescents.

Location: Orthopedic Hospital Speising, Vienna (Austria)
Type: Theoretical lectures; hands-on course (workshops)
Level: Basic-Intermediate
Number of attendees: Maximum 150
Workshops: Yes (4 to 6; at least 2 Faculty members/workshops)

Potential workshops (definitive number and format to be discussed with Project Leader):
- Congenital Clubfoot
- Guided Growth
- Lower Limb: Lengthening & Deformity Correction (External Fixators, Magnetic Lengthening)
- Femur & Tibia Osteotomies
- Clinical Research Principles

Course Faculty: 12 to 14
Faculty will be led by Prof. Federico Canavese (France)

November 19-20, 2020

EPOS ADVANCED COURSE

Title: Complex Pediatric Spine Deformities
Project Leader: Prof. Carol Hasler (Switzerland)
Contact email: carol.hasler@bluewin.ch

This event is aimed at pediatric orthopedic surgeons and fellows who want to improve their knowledge on pediatric spinal deformity assessment and management. During the past years, progress has advanced the understanding and treatment of many aspects of pediatric spinal deformity that have resulted in new clinical applications and new treatment options. Several renewed experts in the field will deliver multiple lectures addressing all aspect of pediatric spinal deformity, including new diagnostic tools, indication for surgery and management of complications. Four to six interactive workshops will complete the educational program.

Main Topic: Pediatric Spine Deformity
Course Location: Orthopedic Hospital Speising, Vienna (Austria)
Type: Theoretical lectures and workshops
Level: Advanced
Number of attendees: Maximum 150
Workshops: Yes (4 to 6; at least 2 Faculty members/workshops)

Potential workshops (definitive number and format to be discussed with Project Leader):
- Guided Growth (anterior tether; staples)
- Anterior Spine Fusion & Instrumentation
- Posterior Instrumented Fusion
- Magnetic Rods and Lengthening
- Growth Friendly Systems
- Pediatric Cervical Spine Instrumentation & Assessment

Course Faculty: 6 to 8
Faculty will be led by Prof. Carol Hasler (Switzerland)

SPONSOR VISIBILITY

SUPPORT REQUESTED

FULL COURSE: € 20,000,00
FULL DAY: € 15,000,00
HALF A DAY: € 10,000,00
Support for education and research is fundamental for the progression of Paediatric Orthopaedics, and for Paediatric Orthopaedic Surgeons to share knowledge and skills around the world.

Educational Scholarships
In every BAT Trilogy, EPOS offers 10 Scholarships to 10 candidates, young orthopaedic surgeons who successfully completed their application and are selected by the EPOS Educational Committee. The candidates’ applications are admitted upon presentation of a CV, motivational statement and recommendation letters.

Visiting Fellowship
EPOS organises short Visiting Fellowships in recognised institutions, with 3-5 days duration, for those interested in improving a specific technique or skill. The Fellow spends some time with an Expert, learning a specific technique (for example: spine deformities, sports injuries, bone deformities correction and lengthening, neuromuscular disease, etc) The Centres for training will be quality assured by EPOS. The candidates will be selected by EPOS upon presentation of a CV, motivational statement and recommendation letters.

The Fellows will be required to write a report describing what they have learnt.

Research Grants
EPOS supports multicentre research studies and aims to support its members in performing basic and clinical research in all fields of Paediatric Orthopaedics. EPOS Studies are approved by the EPOS Research & Scientific Committee and by the EPOS Executive Committee, once an EPOS Member submits a research proposal that is deemed interesting for EPOS and Paediatric Orthopaedics.

EPOS is also looking forward to start our Research Mentorship Program, in which a less experienced researcher will be able to visit an experienced researcher and work with him/her in developing research activities.

For more information, please contact the EPOS Office: secretariat@epos.org
If you have any questions about opportunities for partnership with EPOS Society and if your company is interested in supporting one or more EPOS Educational Activities please do not hesitate to contact the Industry Liaison Committee (ICL@epos.org) or Federico Canavese (education@epos.org) for informations related to BAT Trilogy Courses and/or EPOS-EFORT Advanced Courses.

For all other Educational Activities listed in the booklet, please contact Manuel Cassiano Neves, EPOS-Industry Committee Chair (ICL@epos.org) and the Project Leader of the EPOS Educational Activity you are interested in.

European Paediatric Orthopaedic Society

Porto (Portugal)
April 1st – 4th, 2020
CONGRESS VENUE

ALFÂNDEGA PORTO CONGRESS CENTRE
RUA NOVA DA ALFÂNDEGA
EDIFÍCIO DA ALFÂNDEGA
4050-430 PORTO
(+351) 223 403 000/24 - (+351) 223 403 099
geral@ccalfandegaporto.com

The Alfândega Porto Congress Centre, a 150 year old building, located in the heart of Porto’s historic city centre, used to be a Custom's House, and was refurbished by Pritzker prize winning Portuguese architect – Souto Moura, that made its singular architecture stand out from the usual Porto landscape.

The venue surprises with its simultaneous tradition and modernity, with the entirely modern and fully equipped congress centre that lies in between its historic walls.

The Alfândega Porto Congress Centre, considered for the 4th consecutive year as “Best Congress Centre in Portugal”, and in 2014, 2015 and 2017 as “Best Meetings and Conference Centre in Europe” has unique and high quality conditions for local, national and international events.

HOW TO ARRIVE

For information about flights to Porto, please visit the ANA Aeroporto website https://www.ana.pt/en/corporate/home

BY TAXI: approx. 25 minutes from the Airport

BY METRO/BUS:

Catch the metro “Line E”, Destination “Estádio do Dragão”. Exit at “Trindade”

Duration of trip: 24 minutes
Travel ticket: Z4
At “Trindade” change to “Line D” – Destination “Santo Ovidio” and exit at “São Bento”

Duration of trip: 4 minutes
Travel ticket: Use same travel ticket as before
Exit the metro station and at the STCP bus stop, catch the “500” bus – Destination “Matosinhos (Mercado)” - Exit at “Alfândega” bus stop.

Duration of trip: 4 minutes
Travel ticket: Use same travel ticket as before

4 REASONS WHY

1. Showcase your latest products, ideas and research results to an influential and targeted audience of key decision-makers.

2. Network with key opinion leaders, surgeons, and faculty of orthopaedic paediatric sector.

3. Exhibit your products to hundreds of delegates coming from more than 60 countries.

4. Improve your business relationships and build new ones in the greatful and warm environment offers by the city of Porto.
An exhibition space will be a unique opportunity to showcase products and services to about 700 participants coming from over 60 countries all over the world. Rental fee will include rental of exhibition space for floor space only (no wall separation).

### EXHIBITION CODE ASSIGNATION

Exhibition spaces will be assigned according to the total amount of sponsorship on first-come, first-served basis. The organizers reserve the right to make the final decision on the exhibition space allocations.

### COFFEE BREAKS & NETWORKING EVENTS

Networking events and coffee breaks will take place on the exhibition floor, during the timing reserved to the networking activities and breaks.

### EXHIBITORS BADGE

Two (2) complimentary badges (exhibition badges with full access) per 6sqm are included. Extra badge will be charged upon request.

### SCIENTIFIC SUPPORT

**IMPORTANT NOTICE**: lectures at the booth are strictly prohibited. Companies interested in organizing scientific activities during the annual meeting are invited to contact the Industry Liaison Committee (ICL@epos.org) or the Organising Secretariat OIC (sponserpos2020@oic.it).

### INDUSTRY SYMPOSIA

**€ 8,500,00**

Reserved only to the Corporate Partner Gold level or higher.

Industry symposia assignment will be made in relation of the sponsor level (Diamond sponsor will have first priority choice, than Platinum as second and Gold as third).

*Cost of the symposium includes:*

- Room rental (standard set-up)
- Standard AV equipment (projector, laptop, and wireless presenter/microphone).
- One hostess

Travel, accommodation, registration fee and any other speakers/moderators expenses are not included.

---

**DESCRIPTION** | **COST**
---|---
**EARLY FEE**
Till 12-31-2019 (included) | € 600,00 per sqm
**LATE FEE**
From 01-01-2020 (included) | € 700,00 per sqm

*the early amount will have to be paid by the 31st December 2019, in case the payment is not provided by the indicated deadline, the late fee will be charged.

- Any request regarding your preferred exhibition space will be confirmed according to availability, on a first-come first-served basis.
- Exhibition spaces are bare floor to be furnished. All extra requirements, e.g, special decoration, extra lighting, furniture, carpeting, office equipment, should be ordered separately. Furniture catalogue and order form will be sent out with the Exhibitors’ Technical Manual.
### Conference Bags

**€ 3,500,00 (not exclusive)**

Company logo on congress bags. The bags production is at the sponsoring Company direct charge.

### Lanyards

**€ 5,000,00 (exclusive)**

Company logo on congress lanyards. The lanyards production is at the sponsoring Company direct charge.

All Delegates will be required to wear them at all time during the meeting, this is why this advertisement option will help to increase your brand awareness and drive more traffic to your booth.

### Pens

**€ 2,500,00 (exclusive)**

Company logo on congress pens. The pens production is at the sponsoring Company direct charge. Pens will be included in each participant’s congress kit.

### Note Pads

**€ 2,500,00 (exclusive)**

Note pads will be included in each participant’s congress kit.

### USB Sticks

**€ 5,500,00 (exclusive)**

USB Stick will contain all abstracts and papers of the congress.

Your company logo will be printed on one side of the USB stick together with the EPOS one.

### Bag Insert

**€ 2,500,00 (not exclusive)**

Your company will have the opportunity to provide an advertisement message in all the congress bags. Your two-sided advertisement flyer (A5 or A4 max) will help to drive more traffic to your booth or symposium and to increase your brand awareness.
ADVERTISMENT AND DIGITAL SUPPORT

FINAL PROGRAM BOOK
The EPOS final program will be distributed to all attendees. Sponsoring companies will have the opportunity to include corporate advertisement page/s (no products adv will be allowed) as follows.

€ 2.000,00
Virtual bag insert into the virtual bag section of the APP.

NEWSLETTER to PRE-REGISTERED PARTICIPANTS
€ 1.850,00 one newsletter
€ 1.500,00 for any additional newsletter
E-newsletter sent to all the EPOS annual meeting pre-registered delegates to promote your Industry Symposium/ activities at the booth (artwork to be provided by the Sponsor and to be approved by the EPOS Industry Liaison Committee).
CHARGING STATION
€ 4,000,00 (exclusive for each station)
A charging station will be set up in the Exhibition Area in order to enable attendees to charge their devices (smartphones, tablets, laptop...). The station will be branded with your company logo.

RELAX AREA
€ 5,000,00 (not exclusive)
A relax area will be set up in the Exhibition Area. Delegates will have the opportunity to get a moment of relax and dedicate their time to socialize and increase their social relations. The whole area will be branded with your company logo.

PRESIDENTIAL DINNER
€ 9,000,00 (exclusive)
The Presidential Dinner is an exclusive dinner hosted by the EPOS President and attended by key opinion leaders, surgeons, managers director and seniors coming from the orthopaedic paediatric sector. Guests will be directly invited and selected by the EPOS President.

Benefits:
» Exclusive visibility
» Two company representatives invited to attend the dinner
» Banner in the area where the Presidential Dinner will take place
» Acknowledgment in the congress programme

COFFEE AND LUNCH BREAKS
€ 5,000,00 (exclusive)
A catering area will be set up within the Exhibition Area. Any breaks will be scheduled before and between the scientific sessions. This is a great networking occasion in a more informal atmosphere and let the company gain a great visibility! Your Company logo will be printed on the chevaliers and placed on the catering tables.

BUSINESS HOSPITALITY SUITES
Cost upon request
The congress Venue has a range of meeting rooms that companies can rent for internal meetings, demonstrations of products or other corporate/promotional initiatives.

Business Suites can not be used for any kind of scientific meetings or events, such as mini-simposia, lectures nor training courses.

Room allocation is confirmed according to availability on “first come first served basis”.

ADDITIONAL SPONSORSHIP OPPORTUNITIES
Dear Industry Partner,

From 1 January 2018, MedTech Europe Member Companies and their representatives are no longer permitted to provide direct financial support to individual HCPs from the MedTech Europe Geographic Area, which includes EU and EEA countries as well as Russia, Turkey and the countries governed by Mecomed to attend Third-Party Organised Events.

OIC S.r.l., as Organizing Secretariat of the 39th EUROPEAN PAEDIATRIC ORTHOPAEDIC SOCIETY ANNUAL MEETING, gives to MedTech associated Companies the possibility to participate in the Congress through an Educational Grant, that will be managed following the rules included in MedTech Europe Code of Ethics.

The Grant is meant to facilitate HCPs (Healthcare Professionals) participation in the event. It can include the management of different levels of HCPs' hospitality arrangements.

OPERATIONAL INSTRUCTIONS

Companies that are interested in supplying an Educational Grant need to inform the Organizing Secretariat OIC (sponsorEPOS2020@oic.it) no later than September 30th, 2019. Details and conditions will be sent upon request.

HCP’S APPLICATION

Once Sponsoring Companies’ requests are received, OIC will create a registration website that will let HCPs submit their application. The creation of the website will be promoted through the Congress Website and a newsletter will be sent to the EPOS members.

HCPs SELECTION CRITERIA

HCPs selection criteria will be defined by the Scientific Society EPOS. As per MedTech Code Q&A 37 bis, Companies will be able to suggest additional potential selection criteria that will have to be approved by Scientific Society first.

AFTER THE CONGRESS

Name and/or logo of Companies that supplied Educational Grants, will be highlighted in the final programme of the Congress.

For further information and to proceed with Educational Supports please contact us at: sponsorEPOS2020@oic.it
