|--------------------|--|
| | THESSALONIKI TRAUMA COURSE |
| | JUNE 4-6, 2020 (Thu-Sat) |
| | |
| | PRELIMINARY PROGRAM |
| | |
| | Thursday June 4 |
| | |
| 07:00 | Registration |
| | |
| 07:50 | Opening and Welcome |
| | |
| | Basic Concepts |
| 08:00 | Why fractures in children differ from those in adults? |
| 08:15 | Classification of fractures in children (Salter-Harris) |
| 08:25 | General principles of fracture treatment in children, including physeal fractures and their sequelae |
| 08:40 | Plaster techniques |
| 08:50 | FIN Principles |
| 09:05 | Fractures in weak bone/pathologic fractures |
| 09:20 | Discussion |
| | |
| 09:35-10:30 | WORKSHOP (1) TBA |
| | |
| 10:30-10:50 | Coffee Break |
| | |
| | Shoulder and Arm |
| 10:50 | Clavicle fractures/dislocations |
| 11:00 | Humerus proximal fractures |
| 11:15 | Humerus shaft fractures and fractures of the distal diap-metaph. Junction |
| 11:35 | Discussion |
| | |
| 11:45-12:35 | “Interactive Case Discussion” |

| | |
|--------------------|--|
| | |
| 12:35-13:45 | Lunch Break |
| | |
| | Elbow-1 |
| 13:45 | Humerus supracondylar fractures; etiology, classification, assessment, treatment principles (including best pin configuration) |
| 14:00 | Supracondylar fracture: adequacy of treatment or bone remodeling that will constitute the final clinical outcome? |
| 14:20 | Humerus supracondylar fractures; Management of short-term and long-term complications |
| 14:40 | Discussion |
| | |
| | Elbow-2 |
| 14:55 | Humerus lateral condyle, distal physeal and T-condylar fractures |
| 15:10 | Humeroulnar dislocations, medial epicondyle fractures, nursemaid's elbow |
| 15:25 | Radial head/neck and olecranon fractures |
| 15:40 | Rare elbow injuries: capitellum, coronoid process, trochlea |
| 15:55 | Discussion |
| | |
| 16:10-17:05 | WORKSHOP (2) TBA |
| | |
| 17:05-17:20 | Coffee break |
| | |
| 17:20-18:10 | “Interactive Case Discussion” |
| | |
| | Friday June 5 |
| | |
| | Forearm, Wrist and Hand |
| 08:00 | Radius and ulna shaft fractures |
| 08:15 | Acute Monteggia fracture-dislocation |
| 08:30 | Neglected Monteggia fracture |
| 08:45 | Radius and ulna distal fractures |

| | |
|--------------------|---|
| 09:00 | Hand fractures |
| 09:20 | Discussion |
| | |
| 09:35-10:30 | WORKSHOP (3) TBA |
| | |
| 10:30-10:50 | Coffee Break |
| | |
| | Femur |
| 10:50 | Femur proximal fractures |
| 11:00 | Femur shaft fractures: from casting to rigid IM nailing |
| 11:15 | Femur distal fractures, including physeal injuries (and sequelae) |
| 11:30 | Acute and chronic SCFE |
| 11:45 | Discussion |
| | |
| 12:00-12:50 | “Interactive Case Discussion” |
| | |
| 12:50-14:00 | Lunch break |
| | |
| | Leg, Ankle and Foot |
| 14:00 | Patella fractures in children |
| 14:10 | Proximal tibia fractures |
| 14:25 | Tibia shaft fractures |
| 14:40 | Physeal injuries and fractures around the ankle |
| 15:00 | Foot fractures |
| 15:15 | Chopart and Lisfranc injuries |
| 15:30 | Discussion |
| | |
| 15:45-16:40 | WORKSHOP (4) TBA |
| | |
| 16:40-16:55 | Coffee brak |
| | |

| | |
|--------------------|--|
| 16:55-17:45 | “Interactive Case Discussion” |
| | |
| | |
| | Saturday June 6 |
| | |
| | High energy injuries |
| 08:00 | Pelvis fractures |
| 08:15 | Lesions of the Cervical Spine |
| 08:30 | Thoraco-lumbar fractures and SCIWORA |
| 08:45 | Open fractures |
| 09:05 | Discussion |
| | |
| 09:20-10:15 | Case Presentations by the Participants |
| | |
| 10:15-10:25 | Coffee break (including course Picture) |
| | |
| | Sports Injuries in Children |
| 10:25 | Epidemiology and prevention of sports injuries in children |
| 10:40 | Meniscal injuries and discoid lateral meniscus |
| 10:55 | Ligamentous injuries of the knee |
| 11:10 | Osteochondritis dissecans |
| 11:20 | Patellofemoral instabilities |
| 11:35 | Discussion |
| | |
| 11:50 | Adjorum |
| | |
